# Close is Never Good Enough

Sports merchandise is a multibillion-dollar market and every year the best college and professional teams are celebrated for their winning seasons. Many fans will have jerseys and collectibles framed to preserve memories and show off team pride.

Crescent knows the skill required to custom frame sports memorabilia separates you from your competition. That's why we filled this book with the exact recipes needed to match Crescent® Select™ matboard colors to your customer's college and professional sports team memorabilia.

When custom framing sports memorabilia, having the exact color recipe matters because just like winning in sports, close is never good enough.

*The recommended colors in this guide capture the exact color essence of the sports team and college denoted. However, due to color shade differences in memorabilia there may be variation between the recommended colors and actual artwork to be framed.*

# Crescent® Accents™

Matching matboard to the precise colors of a sports team is now as easy as looking up a food recipe and just like any good recipe, adding some Accents will always help the presentation.
