## WHY CRESCENT RAGMAT?

Trust pure cotton RagMat matboard, the premium choice to protect artwork for a lifetime. We guarantee it!

### CRESCENT RAGMAT IS *natural*

Crescent RagMat is made with 100% cotton fibers that are naturally acid-free and lignin-free. Cotton is naturally free of chemicals and pollutants that can degrade or harm artwork.

### CRESCENT RAGMAT IS *environmentally friendly*

Cotton is an annually renewable resource that reduces the amount of trees used to make mounting and matting boards. In addition, cotton fiber is processed without harsh chemicals or additives, making it superior to bleached, chemically processed woodpulp that is used to produce other conservation boards.

### CRESCENT RAGMAT IS *colorful*

Available in over 200 color choices, Crescent RagMat is constructed with only the finest pigments designed to meet the highest conservation standards. Strict production standards result in consistent color with every run, so you can be sure that RagMat colors remain true with every order.

### CRESCENT RAGMAT IS *guaranteed*

Crescent RagMat is the **ONLY** matting and mounting board backed with a lifetime warranty. This guarantee of quality is sure to provide peace of mind for you and for your valued customers.

*Art Should Touch the Soul...  
Only Cotton Should Touch the Art.*
